THE 29 SEPTEMBER PAYDAY PROTESTS

Scrap the cap – **now!**

Public and Commercial Services Union | pcs.org.uk

Get ready for the ballot on pay

It is time to say enough is enough. The seven year pay squeeze has gone on for far too long. We need to send the strongest possible message to the government, that we all deserve a pay rise. Which is why, in October, PCS is planning to consult you in a ballot of public sector members.

Since 2010, research shows that our pay has fallen in value by nearly 10%. Civil service pay has fallen further and faster than the rest of the public sector and the private sector. PCS members deliver the vital public services which keep our country running.

The government is on the back foot and may soon make concessions on the pay cap.

But, reports indicate that they may attempt to divide public sector workers; prioritising pay increases for senior civil servants and uniformed staff. We must not allow this division to happen.

All public sector workers have been covered by the seven-year pay cap, all public sector workers make an important contribution and all public sector workers deserve a pay rise.

Payday protests

In the meantime we want all members to get involved in the campaign. We will be organising a range of activities for members to get involved including payday protests in every civil service workplace on 29 September.

WHAT CAN YOU DO?

- Support the union's payday protests on 29 September
- Ask a colleague to join the union:
