

Important Message from PCS.

We are all aware that we live and work in an ever changing environment. As a union it is important that we react swiftly to change.

The union reps respond on feedback from its members, so it's important that you have your say on all future decisions that effect you. Such as:

- ♦ your terms and conditions
- ♦ pensions and pay.

We are asking all our members to ensure that your details are up to date on the PCS website .

Please check that the person named for **death benefit** is correct

Please check and update you **ballot address**

Please check your **contact details**

Why we need to reach you?

Due to the Trade Union Act 2016 it means that unions have to achieve higher ballot percentage figures in ballot results.

Therefore its highly important that we can reach all our members in future ballots to ensure the highest return in ballot papers and to enable the unions to act effectively on results.

Please could all our members check and update their personal details on the

PCS website :

<https://www.pcs.org.uk/member-login>

It would be helpful if you could supply a further email address as well as a work one and also a mobile phone number.

This is to ensure that if the union is ever restricted from contacting you on a work email address the union can still have the ability to keep in touch with you and to keep you informed.
